The Florida Deputy Sheriffs Association presents:

ARTIFICIAL INTELLIGENCE FOR LAW ENFORCEMENT

📅 **8:30 am, August 19, 2024**

📍 **Marion County Sheriff's Office Multi-Purpose Center**
3482 NW 10th Street, Ocala, FL 34475

The digital era has seen the emergence of Artificial Intelligence (AI) as a dual-use tool for both good and bad. AI's integration into the cyber domain has been a catalyst for sophisticated cybercrimes, **presenting law enforcement with unprecedented challenges**.

This presentation covers:

- ✅ The complexities of AI-enabled cybercrimes
- ✅ Global implications of AI for law enforcement
- ✅ Diverse threats and criminal misuse
- ✅ Strategies for prevention and mitigation

This presentation is led by **Major George Perera**, the Commander of the Miami-Dade Police Department's Cyber Crimes Bureau and the South Florida Cyber Crime Task Force. He's the co-chair the International Association of Chiefs of Police (IACP) Computer Crimes and Digital Evidence Committee. He is an internationally recognized subject matter expert on technology-related crimes and is frequently called upon by the Department of Homeland Security and IACP.
